Dreams and Goals Puzzle – Spring 1

About this Puzzle

Dreams and Goals helps pupils to learn how to and practice building their resilience, motivation and ambition. This Puzzle plays an important role in PSHE well beyond RSHE statutory guidance, helping children set goals, develop a growth mindset, and manage the emotions that come with both achievement and disappointment. Pupils consider wants and needs, explore jobs and careers, and learn how teamwork, enterprise and community participation can make a difference. Financial education is woven through, helping children understand how money, spending decisions and career choices shape the lives we build. As they progress, children examine how opportunities and barriers differ across cultures and develop empathy for those whose aspirations look very different from their own.

Healthy Me Puzzle – Spring 2

About this Puzzle

Healthy Me covers both physical and emotional health, helping children understand how everyday choices affect their bodies and minds and how these two aspects are linked. Children learn about balanced diets, physical activity, rest, sleep, personal hygiene, dental health, sun safety and first aid, alongside the facts about drugs: starting with medicines and unknown substances moving to alcohol, tobacco and vaping and then illegal drugs. Equally important is the focus on emotional wellbeing: friendships, peer pressure, body image, relationships with food, and strategies for managing stress and anxiety. Safety education runs throughout, with the Safety STAR framework (Stop, Think, Assess, React) helping children identify hazards and manage risk across contexts including road, water, fire and rail safety. This Puzzle is where RSHE Health Education statutory guidance is most broadly represented, but Jigsaw ensures that the emotional and social learning is embedded, so building children's confidence, self-respect and agency to make informed, healthy choices for life.
