Relationships Puzzle – Summer 1

About this Puzzle

Relationships is where RSHE Relationships Education is most fully expressed. Children explore the full range of relationships in their lives; families, friendships, communities and, as they grow, early ideas about romantic relationships, learning what makes these healthy, safe and respectful. They develop skills to negotiate, compromise, manage conflict and repair friendships, while learning to recognise when a relationship is making them unhappy or unsafe, and where to get help. Digital literacy and online safety become increasingly prominent, covering screen time, social media, online friendships, data privacy, recognising harmful or AI-generated content, and knowing how to respond when something online feels worrying. This Puzzle also addresses love, loss and bereavement.

Changing Me Puzzle – Summer 2

About this Puzzle

Changing Me supports children through the physical and emotional changes that come with growing up — from exploring life cycles in the early years through to learning about puberty, reproduction and the transition to secondary school. Children develop accurate, age-appropriate knowledge and the emotional vocabulary to feel confident about changes happening to their bodies and lives. Self-image, body confidence and challenging negative body-talk are important threads, alongside correct anatomical vocabulary, understanding privacy and consent, and recognising appropriate and inappropriate contact. The Puzzle also addresses wider changes in families, friendships and circumstances, helping children build strategies for coping and seeking support.

Changing Me	Reception
